CLIENT SECTORS

- Automotiverefining, panel shops, smash repairers
- Fleet operators (buses, trucks, vans)
- Aviation & aerospace coating facilities
- Industrial coating workshops
- Woodworking and furniture finishing businesses
- Residential and small commercial garage fitouts

PROJECT DELIVERY PROCESS

1. Consultation & Site Check

We assess your site, layout, and workflow to plan the most efficient setup.

2. Design & Quotation

Detailed booth layouts and clear, transparent pricing.

3. Preparation / Dismantling

Safe removal and handling of existing booths for relocation.

4. Installation & Commissioning

Full supply, install, and setup by qualified trades — all to AS/NZS 4114 standards.

5. Testing & Certification Performance testing and Certificate of Compliance provided.

6. Aftercare Support

Ongoing servicing and maintenance for long-term reliability.

COMPANY OVERVIEW

Since 2019, MetroBooths has been Sydney's Leading Expert in Spray Booths and Vehicle Hoist solutions, offering end-to-end capabilities from supply and installation to maintenance, certification, breakdown response, and bespoke engineering solutions. Our mission is to deliver innovative, compliant, and cost-effective systems tailored to the automotive, industrial, aviation, and transport sectors across NSW, VIC, QLD & ACT.

INSURANCE/LICENCE/COMPLIANCE DETAILS:

- **ABN:** 26 681 470 735
- **Workers Compensation Policy:** Nil - Subcontractors Used Only
- **Public Liability Policy:** DSU518713BPK - \$10M
- **Licences:** Licensed Work Performed by Licensed Subcontractors
- Formal certification aligned with AS / NZS 4114.1 standards (2020), including airflow, fire safety, ventilation, and filter system verification.
- Full regulatory compliance: Work Health & Safety, VOC-emissions, asbestos, hazard containment, and ongoing recertification support.

CORE SERVICES & EXPERTISE

- **Spray Booth Solutions**
 - Supply of high-performance, Australian-designed spray booths (full downdraft, semi-downdraft, crossdraft, side-downdraft, open-face, bus/truck, aviation, industrial, paint mixing rooms).
 - Custom engineering: airflow, filtration, heating, lighting, and structural dimensions fully configurable.
 - Initial and Ongoing Certification services
- **Turnkey Installation & Relocation**
 - Experienced and highly skilled project teams manage site prep, mechanical/electrical integration, ductwork, safety systems, and heat/exhaust fans with only the best tools, equipment and components.
 - Safe, efficient relocation of Spray Booths and Paint Mix Rooms, minimising client downtime.
- **Maintenance, Support & Breakdowns**
 - Custom maintenance plans (6–12 month intervals or more frequent for high usage): filter changes, airflow testing, lubrication, wall/seal checks, safety inspections.
 - Rapid-response breakdown services: diagnosis, repairs, in-field testing, with a proactive maintenance hand-in-hand approach
- **Vehicle Hoist Solutions**
 - Sales, installation, relocation, and repair of single-post, two-post, four-post hoists, and scissor lifts.
 - Engineered to Australian structural and safety standards, suitable for compact and high-clearance environments.

KEY DIFFERENTIATORS

- **Australian-Designed Quality:** Booths made from EPS-FR/steel modular panels, stainless burners, LED lighting and industry-quality filtration designed and supplied for local conditions.
- **Safety, Compliance & Efficiency:** Every project includes systems like emergency cut-offs, alarms, interlocks; booths achieve controlled airflows (≥ 0.3 m/s) and cleanroom purity levels (~98%)
- **Environmental Responsibility:** Integrated low-emission heaters, filtration designed to minimise VOC emissions and operating costs
- **Customer-Centric Approach:** Transparent pricing, flexible scheduling, rapid response, and local, knowledgeable service teams praised for their efficiency and professionalism
- **Fully Customised & Scalable:** From small cabinet spray booths to full bus/truck facilities, designs are fully tailored to workflow, space, and industry demands.
- **Comprehensive Support Lifecycle:** A single-source provider from design and installation, through certification, maintenance, emergency repairs, to upgrades and relocations.

RECENT PROJECTS & CLIENT TESTIMONIALS

"Ray and his team have done exceptional work with our spray booth installation. Very clean, efficient and answered all our inquiries and concerns. They will definitely be our company of choice for servicing and any new spray booths we will purchase in the future."

"Great affordable service and Ray was a great supplier to deal with. Would recommend!"

"Just wanted to give a big thank you to Ray from Metrobooths. I've operated a smash repair garage in Castle Hill and Ray helped me disassemble my existing spray booth prior to my lease expiring. I ended up purchasing a new spray booth from Metrobooths and couldn't be happier with the purchase. Very high quality and price was professional. Ray was very polite, professional and very prompt. We had 2 weeks to move locations and everything was done on time. Thank you Ray for the service and would definitely recommend Metrobooths to any one looking for a new spray booth."
